

Biosystems Engineering Department

Ginn College of Engineering - College of Agriculture

Post-doc position available

One **Post-doc research associate** position is available in Dr. Yi Wang's group in the Biosystems Engineering department at the Auburn University. The candidate is expected to start as soon as possible. The appointment is for an initial period of one year, with the possibility of renewal depending on performance and funding availability. The research focus would be on '**value-added biofuel and biochemical production through bioprocess engineering, metabolic engineering, and synthetic biology strategies**'. Prospective candidates with background in Biotechnology, Microbiology, Biomolecular Engineering, Chemical Engineering, Environmental Engineering, Biosystems Engineering, Bio-Materials Engineering, or other relevant fields are encouraged to apply. Prior research experiences in bioprocess engineering, molecular biology, metabolic engineering, synthetic biology, bacteriophage handling, and fermentation are preferred, but not required. Interested applicants may send their curriculum vitae including the names of three references to Dr. Yi Wang at yiwang3@auburn.edu. For more information, please refer to <http://www.eng.auburn.edu/users/yzw0066/>.

Auburn University is a research-oriented land-grant institution. The University is located in the city of Auburn in east-central Alabama near the metropolitan areas of Montgomery and Birmingham, Alabama, and Columbus and Atlanta, Georgia. U.S. News ranked Auburn among its top ten list of best places to live in United States for the year 2010.
